Dear Vito,

What is success? Simply put – it's you and the Carnival for PALS Team! Thank you so much for your most generous contribution of \$500 to Joan Dancy and PALS as a booth sponsor.

As you know, Joan was a Mom who lost her fight with ALS but her dream was to put together a grassroots organization to help families in the local communities in Monmouth and Ocean Counties. She would be so happy to know that a group of young people have joined that fight against ALS and have brought awareness to help the people in our communities who are suffering from this dreadful disease.

Your spirit, thoughtfulness and generosity that enable us to continue our mission to make a difference in the quality of life for our ALS patients, families and their caregivers – thank you again for your support.

Sincerely,

"The Schaeffer Gang"

Michele, Stephanie, Tricia & Pat
and "The Kids"
